The 15th China Chest Pain Centers Congress

Introduction

The 15th China Chest Pain Centers Congress (CCPCC) will take place from **3–4 April 2026 at the Hong Kong Convention and Exhibition Centre**, marking a historic milestone as it will be hosted in **Hong Kong** for the very first time, with a concurrent venue in **Shenzhen**. The CCPCC is an annual cardiology scientific conference in Chinese Mainland, focusing on Chest Pain Centers development and cardiovascular diseases management. In 2026, the Hospital Authority is one of the co-organisers, in collaboration with the National Clinical Research Center for Interventional Medicine (國家放射與治療臨床醫學研究中心), Guangdong Chest Pain Centers Association (廣東省胸痛中心協會), and the Chinese Cardiovascular Association (蘇州工業園區東方華夏心血管健康研究院), which is the organisation operating the Chest Pain Center Office (胸痛中心辦公室) in Chinese Mainland.

With the Greater Bay Area strategic blueprint as its backdrop, CCPCC 2026 is more than a congress — it is a powerful showcase of innovation, collaboration, and leadership. This landmark event will bring together over 3,000 delegates from Hong Kong, Chinese Mainland, the Belt and Road countries and beyond — including physicians, nurses, healthcare leaders, researchers, policymakers, and industry innovators. The CCPCC 2026 will serve as an international platform for academic and scientific exchange, highlighting China's achievements, models, and standards in chest pain management on the global stage, while facilitating collaboration and knowledge sharing among experts from the Asia-Pacific region within the framework of the Belt and Road Initiative.

The 2-day Congress will offer insights on innovation-driven healthcare development, AI-assisted clinical decision-making, intelligent emergency response systems, and international accreditation standards. It will also present unique opportunities for engagement with decision-makers and key influencers shaping the future of cardiovascular care.

As a valued sponsor, you will gain exceptional exposure to a targeted, high-level audience, positioning your brand at the intersection of medicine, technology, and strategic healthcare development. By partnering with CCPCC 2026 (HK Venue), you will enjoy maximum visibility at the Congress through sponsorship categories specifically tailored to your needs.
